Gentlemen:

The Department of Energy (DOE) revised the Operable Unit No. 9 dispute settlement language proposed on December 15, 1994, according to our discussion yesterday, December 20, 1994. The revisions made to the settlement language as a result of that conversation are limited to the time allowed for the preparation of plans for the investigation of the tanks. The time has been changed to 75 days from 90 days after the date of execution of the resolution. The revised settlement has been signed by DOE and is enclosed for your signature.

If you have any questions or comments, please call me at 966-4839.

Sincerely,

Steven W. Slaten
